Editorial

By John Mills (Society President Elect: Pic below)

Who is John Malcolm Carr? Where does he live? What is the basis of his business connections with New Zealand's "Porn King" Stephen (Steve) Peter Crow?

What does he stand to gain by directing and controlling multiple New Zealand registered companies that appear to have strong attachments to the porn industry? How, if at all, do his property development and investment companies etc. relate to the porn industry, if at all? What does he stand to gain by apparently setting up a series of 'dead ends' (defunct company names) and complex diversions throughout the convoluted maze of company connections he has established stretching from San Antonio Texas to NZ? [see Special Inset for diagram on multiple companies he directs and their links].

In the past 30 years technology has progressed to such an extent that people can be tracked through DNA

research coupled with numerous other technological advances. Cold case files have been solved through means that were once impossible. In the same way, the internet has enabled researchers to track the operations of individuals, property companies and plane flight paths, etc by accessing extensive public electronic records. All of this was not previously possible to the ordinary researcher before the advent of the internet.

Government officials and agencies are generally not funded to make extensive enquiries using this media, as there needs to be a provable substantial body of evidence, and then consensus and approval from authorities higher up, before they will expend the time and effort pursuing such details. Furthermore, enquiries are rarely pursued based merely on suspicions of wrongdoing. The Society and its team of researchers have been engaged in looking into the money trails behind the porn industry. Because we believe that pornography and its well-known associated elements such as prostitution are morally corrupting, we also believe that other forms of corruption may well be linked to it. "Where there is smoke there will likely be fire".

These links are almost impossible to hide because all legal business's and a vast amount of associated activities they engage in are by necessity on the public record.

We wish to point out that none of the persons of interest in our current investigations are necessarily guilty of any crime(s). We uncover a series of apparently small- time 'smoke and mirrors' dealings in this issue. We do not know where the trail will lead, but we intend to pursue it by every means at our disposal and venture as high up the chain as is possible for us to uncover any forms of corruption. In addition we seek to equip, guide, and urge government officials to pursue corruption in the course of their duties.

A fixed-wing aeroplane registered in the name of "Cuchara Inc" in Texas¹ and linked to John M Carr's business address in San Antonio, Texas, was the only reference our researchers could initially find of this 'US corporation' he has been entering for nine years into the New Zealand Companies Register, as the shareholder of 5 NZ registered companies he directs. The problem is that "Cuchara Inc", first incorporated in Texas on 23 April 1991, according to the State

records, is a defunct corporation that “forfeited its existence” on 2 February 1993 for failing to comply with US franchise tax law.

The NZ Company Register currently has at least three different addresses recorded by John Carr for the defunct US corporation “Cuchara Inc” and multiple residential addresses for himself in New Zealand for the many companies he directs, conflicting records that raise questions about his motives.

Another fixed wing single engine aeroplane was located on the internet with FAA records of regular flight paths between San Antonio, Texas, and Florida that was registered in the name of “Pakiri Aviation LLC” a corporation for which there appears to be no TX records. Furthermore, the registration was linked to John Carr’s San Antonio, TX, business address². The ‘corporation’ name “Pakiri” was of particular interest to us because it is a New Zealand beach location that Mr Carr has particular financial interests in (see p. 8)

The Society discovered that an apparently defunct Texas corporation by the name of “Cuchara Inc.” had purchased a \$3 million dollar property at Pakiri Beach, Wellsford on 4/10/05, via its daughter company - Shelf Company No 10 - that Carr is director of.

The acquisition went ahead without registration of the intended purchase by the company director with the Overseas Investment Office and no ministerial approval was gained for the purchase of the “sensitive” rural coastal property, both of which are required by law. This property is a 12.25 hectare piece of prime beachfront real estate on the East Coast north of Auckland. The paperwork for the transaction was all done by a Cromwell-based lawyer, Alan Bevan McKay, acting in the dual role as authorised “Attorney” for both Mr Carr and for the Shelf Company he directs, that is owned by “Cuchara Inc”.

Why would one hide one’s property deals behind a corporation name for which there is no *current* record in the US? Why register the name of a plane one uses for business purposes in the name of an apparently non-existent corporation? Entering false corporation names such as “Cuchara Inc” into statutory documents does raise serious questions. Such actions cannot be casually brushed aside as merely due to “sloppy

housekeeping” in the records department by an over-busy ‘porn entrepreneur’. Researchers were curious.

There is much yet to be discovered about John Malcolm Carr and those at the higher and lower trophic levels in his company empire. Such disclosures will be made possible with the help of the international and local contacts already established by the Society. New Zealand is known far and wide as a soft touch for many illicit activities and numerous loopholes do exist in our legal system and company law that can be exploited. It is considered a most desirable place to carry out such activities as it is far from the troubles of the rest of the world. It is therefore no surprise to us to find many wealthy businessmen and women targeting our fair country for the development of their business empires. They are able to be remotely run from overseas, controlled via the internet, run from virtual offices using electronic signatures and advanced software, and by means of authorised agents acting for the overseas based director.

In the past the Society has focused on high profile moral issues, considered low-level by some and it has gained a measure of experience, notoriety, and success in these endeavours. It is our intention to expand and extend the influence of the Society, not merely by continuing to be engaged in these same moral issues, but focusing on the possible money sources that fuel morally corrupting activities such as hardcore porn promotion. In the exercise of this endeavour we will embark on a membership drive in the year 2010 to increase our funding base and the level of influence already established over 30 years.

In Remembrance:

The Society executive notes with sadness the recent death of our long-standing committee member and friend Desmond (Des) Chambers. SOCIETY EXPOSES LINK BETWEEN “PORN KING” STEVE CROW & SAN ANTONIO, TEXAS BUSINESSMAN JOHN M CARR

The application to the Auckland City Council for a permit¹ to stage the Queen Street “Boobs on Bikes” parade on 23 September 2009, (a sleazy promo for Steve Crow’s Erotica Lifestyles Expo that was held at the ASB Showgrounds in Auckland 25-27 September), was made on behalf of Eden Digital Ltd, a NZ registered porn company directed by Steve Crow and American citizen John Malcolm Carr.

John Malcolm Carr²

Mr Carr, who is director and president of Better Business Services Inc. based in San Antonio, Texas, co-directs with Crow the New Zealand registered company CVC Group Ltd that owns Eden Digital Ltd which funded the recent Erotica Expo and parade. The CVC Group owns 3 of 4 porn companies Crow directed that are now in liquidation. Crow is sole director of three others.³ The other director of CVC Group, accountant Shirish Daddaram Vagal, a resident of Bucklands Beach, Auckland, who with his partner owns 10% of the shares in CVC Group; resigned as a director of Eden Digital Ltd on 31/03/09.

39% of the shares of CVC Group⁴ are owned by Velocity Partners Ltd, a NZ registered company with

¹ The application to Council lodged just a month before parade took place, was approved without any adequate notification to Auckland City councillors.

⁴ Steve Crow and Shirish Vagal were both appointed directors of CVC Group on 29/11/05. Mr Carr was

John M. Carr as sole director. According to John M. Carr’s signed declarations filed with the NZ Companies Office and confirmed with his annual updates for the last nine years, Velocity Partners is 100% owned by an American corporation Cuchara Inc, located as of 19/10/09 at the same address as Mr Carr’s Texas-based Better Business Services Inc: **22588 Scenic Loop Rd, San Antonio, TX 78230-2253 US** (BBS is authorised to operate in Florida: see p. 9 for pic. of Florida Business Centre).

appointed director on 3/12/07 shortly after Velocity Partners, which he directs, acquired 240,000 shares in CVC Group in October 2007. CVC Group incorporated 29/11/05.

A second funding source (40% shareholder) of the porn empire ‘mother company’ CVC Group is HWGA Co Ltd with its sole director Steve Crow. The adopted constitution of this company states that it cannot operate with only one director (his co-director and former wife Gaylene Sharon Rogers, a Senior Sergeant in the Auckland Police resigned as director on 16/07/09) and yet it appears to operate in clear breach of its constitution. How can shareholders tolerate this?

Half of HWGA Co shares are held by Dermott Malley who is the CEO of Truth Publications Ltd (In Liq) that published until recently, the now defunct tabloid newspaper Truth Weekly. It devoted about 30% of its content to promoting Adult Sex Services including ads for hard-core porn DVDs marketed by Crow’s failed company Vixen Direct Ltd. The remaining 50% of HWGA shares are held by lawyer Andrew James Steele of Mt Roskill, Auckland.

A third source of funds for CVC Group is a company directed by Carr – Electronic Publishing Ltd – which owns 9% of shares and is linked via Cherokee Holdings Limited which John Carr directs, to Coronet Hotels Ltd and Payroll Solutions Services Ltd which John Carr also directs. He also directs million dollar property developments in Central Otago via Cornish Point Development Ltd (See Inset Provided).

John Malcolm Carr, who holds both NZ and US citizenship, is sole director of numerous NZ registered companies that own properties from Central Otago to North Auckland. The American corporation “Cuchara Inc” linked to his Texas business address, owns – via a NZ registered shelf-company that is directed by Carr - a 3 million dollar 12.25 ha rural coastal property at Pakiri Beach, Wellsford. It was purchased on 4/10/05 without any notification of the deal to the Overseas Investment Office (OIO). Consequently Carr’s Shelf Company No. 10 failed to gain Ministerial approval for this purchase as is required under the Overseas Investment Act which passed into law on 25/08/2005.

Queen St. American-Funded Porn Promo
How many of the creditors of Crow’s failed companies are in the crowd cheering?

The Act applies to all “sensitive” coastal rural land purchased by any overseas “person” including an overseas registered corporation, even if the purchase takes place via a NZ registered shelf company it owns, and even if the latter is directed by a NZ citizen (such as Mr Carr).

Following concerns raised by the Society with the OIO, the purchase by Shelf Company No 10 of this iconic Pakiri Beach property created from a subdivision that has been the focus of much controversy and media focus for some years, is currently being investigated (see below).

THE AMERICAN PORN CONNECTION

SHAREHOLDER “CUCHARA INC”
(“forfeited existence” 2 Feb. 1993).

Cuchara is a small mountain village near the San Isobel National Forest in the State of Colorado. John M Carr is the registered agent for a corporation called My-Ministorage.Com, Inc. and provided his 2009 “Principal Street Address” and “Registered Agent Street Address” to the Department of State as “8047 Panadero Avenue, Aspen Leaf Village #47, Cuchara, CO 81055, United States.” For his “Principal Mailing Address” he provided his business address PO Box 780637 San Antonio, TX 78278-0637, US.

STOP PRESS: In the Chief Censor’s Annual Report 2009, just released, Bill Hastings records that the Society’s attempt to have The Peaceful Pill Handbook (New Intern’l Vers.) – which promotes suicide – banned, was unsuccessful. However, his Office classified the You Tube version of the same material “objectionable”. The Society’s attempt to have Grand Theft Auto IV (Unedited. Version) banned failed. It was successful in getting the Christian film End of the Spear - reclassified from R16 to R13.

CUCHARA, COLORADO

According to signed statutory documents filed with the NZ Companies Office each year since 2000 for the NZ registered company Velocity Partners Ltd that he directs, Velocity Partners is owned by an American corporation “Cuchara Inc”. AS noted earlier on 19/10/09 John Carr recorded its address as 22588 Scenic Loop Rd, San Antonio, TX 78230-2253 US – the same address as Better Business Services Inc of which John Carr is both President and Director.

A corporation called “Cuchara Inc” was incorporated in Texas on 23 April 1991 but was struck off the Register of Companies on 2 February 1993 for failing to file Annual Returns relating to Franchise Tax. **No corporation with a current name “Cuchara Inc” is currently registered anywhere in the United States!**

Who then owns the four NZ registered companies directed by John M Carr and their assets supposedly ‘owned’ by “Cuchara Inc”, if the entity does not exist? The Society raised this serious concern with the Companies Office and National Enforcement Unit in mid-July 2009 and is awaiting an answer from investigations initiated by the NEU (see pp. 9-10 for disclosures on “Cuchara Inc” and its *true* identity based on the Society’s research).

JOHN M CARR’S OPEN LETTER TO HELEN CLARK PM

In 1980 Texas businessman John M. Carr completed his MBA from St Thomas University (St Paul, Minnesota). In 2000 he published an “Open Letter”⁵ to the then Prime Minister Helen Clark criticising her

⁵ Letter dated 10 October 2000. Published in The NZ Herald. See www.ilovenz.co.nz

government’s approach to running the economy, especially the tax rate of 39% and GST on consumption of 12.5%.

He wrote:

“I am a New Zealand citizen who left God’s Zone in 1980 for academic and employment opportunities in the United States... I have property development in Central Otago, and investments in a number of New Zealand public companies. My companies employ a number of New Zealanders directly and indirectly.”

He urged Ms Clark to “lead policy changes that make the country more accessible to investment capital and innovation.”

One wonders whether or not Mr Carr had in mind investment in hardcore porn companies such as the four that were directed by his business partner Steve Crow – all of which have gone belly up owing hundreds of thousands of dollars to unsecured creditors - when he wrote to Ms Clark! A swaggering Texan businessman flanked by an elderly “porn entrepreneur” dependent on his money, would seem to be an unlikely pair to cosy up to Ms Clark and expect to find favours. (Miss Clark dismissed Mr Carr’s comments as “irrelevant” and matters such as the value of the NZ dollar were out of her control).

Protestor Targets Porn Fest

When the Society contacted the Management of the ASB Showgrounds in early September 2009 to raise concerns over its hiring of its venues to a porn promo event (“Erotica Lifestyles Expo”), it was informed by management that:

- (1) the venue hire was initially registered in the name of Vixen Direct Ltd with a sole director Steve Crow, but after that company was put into liquidation on 27 May 2009, the

contract party was altered to Eden Digital Ltd, directed by Steve Crow and John Carr.

- (2) the funding for the event that involved visiting high-ranking American porn stars, had been sourced from America with all creditors paid up front in advance. (This pleased management).

Given that Steve Crow had four of the porn companies he directed in liquidation⁶ at the time of the Auckland Porn Fest, with well over one million dollars owed to IRD and unsecured creditors, it is not surprising that a rich sugar daddy “Uncle Sam” was required to ensure its financial success. Impotent, so he claims, to pay back money owed to hundreds of NZ unsecured creditors his companies owe money to, Crow is currently ruthlessly pursuing the New Plymouth RSA for \$46,000 he claims it owes him and his brother David for rates and water charges on the RSA buildings. He is also demanding that the newly elected President of the club, war veteran Roy Komene and his Vice-president, Tex Schwass, resign their positions and has threatened legal action against the RSA if they do not pay up within a few days.

Phoenix Trading & Phoenix Companies.

As The Dominion Post reported, Vixen Direct Ltd, an importer and wholesaler of adult hardcore porn DVDs, and Erotica Expo Ltd, the operator of the Erotica sex expos, were both put into liquidation on 27 May 2009 at the request of their shareholders. The Society has highlighted in media releases that 26 days earlier Crow changed their respective names to Z4K74D and Malibu Media – a standard ploy used by failed directors to keep creditors in the dark. (see Inset)

Lloyd Hayward of Chartered Accountants Meltzer Mason Heath, the liquidator for both companies, said in his Report that Vixen Direct Ltd owed \$262,539 to unsecured creditors and \$163,559 to IRD, while Erotica Expo Ltd owed about \$145,665 to unsecured creditors and \$18,649 to IRD. He said there was not much chance of creditors getting any of their money back.

⁶ Four Companies in Liquidation: Z4K74D Ltd (formerly Vixen Direct Ltd); Malibu Media Ltd (formerly Erotica Expo Ltd); Eden Media Ltd (formerly Vixen TV Ltd) and Les Obstacles de L’Amour Ltd.(formerly Private Media Ltd and prior to that, Vixen Direct Ltd). “Behold the sight is glorious!”

Phoenix Bird [Eden Digital] Arising to New Life from the Ashes [of Vixen Direct Ltd & Erotica Expo Ltd]

Crow appears to have just transferred all the assets from his failed porn companies into a shelf company, Vixen TV Ltd (incorporated on 23 April 2008), of which he and John M. Carr are the two directors, and which had its name changed to Eden Digital Ltd on 26 March 2009, ready to scoop up the assets from his liquidated companies. Under this new name “Eden Digital Ltd” it began to trade once the adult DVDs and sex toys etc. had been transferred from the smouldering ashes of Vixen Direct Ltd and Erotica.Expo Ltd. The National Business Review has reported recently that the Liquidator is examining the legality of the transfer of these assets [in terms of possible phoenix trading].

The Society has raised concerns with the National Enforcement Unit over possible unlawful Phoenix trading activities. The law relating to phoenix companies took effect in November 2006.

SOCIETY FILES COMPLAINTS AGAINST COMPANY DIRECTOR STEVE CROW WITH NEU

Following complaints raised by the Society, the National Enforcement Unit of the Companies Office (NEU) has initiated a process that could lead to Steve Crow being banned from being a company director. A number of reports highlighting alleged breaches of the Companies Act 1993 have been sent to the Office and media releases issued highlighting the fact that currently four companies directed by Crow have been put into liquidation with hundreds of thousands of dollars owed to unsecured creditors and the IRD.

SOCIETY FILES COMPLAINTS AGAINST JOHN CARR RE SHAREHOLDER “CUCHARA INC” & PROPERTY ACQUISITIONS BY ITS NZ REGISTERED DAUGHTER COMPANIES

Pakiri Beach, Wellsford

The Society has alleged that John M. Carr has misrepresented to the NZ Companies Office for nine years, the identity of the US shareholder “Cuchara Inc” that owns five NZ companies he directs (one was struck off the register in 2005). One company – Shelf Company No. 10 – owns a 3 million dollar 12.25 ha iconic rural coastal property (CIT 50246) on M Greenwood Rd, Pakiri Beach near Wellsford. The property title was transferred to Shelf Company No. 10 on 4 October 2005 and ANZ National Bank holds a \$3M mortgage over the property.

Society representatives were invited to meet with Shane Keohane, Manager, National Enforcement Unit for the Registrar of Companies, at the Ministry of Economic Development in Wellington on 4 November 2009, to discuss the Society’s allegations. Phil Day, Operations Manager for the NEU also attended. Over a month on, the Society is awaiting the outcome of an investigation that Mr Keohane has initiated.

“Women outraged that middle-aged American Porn promoters are exporting their vile, morally toxic material into New Zealand”

Crow’s Porn Epicentre and Carr’s “Cuchara Inc” Connection

Steve Crow recently changed the registered office and address for the four porn companies⁷ he directs from 45 Stanhope Road, Ellerslie, Auckland to 2/18B Triton Drive, Albany, Auckland. The registered proprietor of this Unit is Kinetiq Ltd, which is owned by Velocity Partners Ltd. Both companies are directed by John Carr and the latter one is 100% owned by the US corporation “Cuchara Inc”. (See Inset).

All the NZ registered companies John Carr directs, including Kinetiq Ltd and CVC Group Ltd and the four owned directly by “Cuchara Inc”, including Velocity Partners Ltd, have their registered offices at Unit 13, 33-35 Apollo Drive Mairangi Bay Auckland. This first floor Unit is owned by Kinetiq Ltd.

“Cuchara Inc”, a foreign US corporation actually owns two North Shore properties: 2/18b Triton Drive, Albany, purchased in August 2007 by Kinetiq Ltd and the Apollo Drive, Mairangi Bay Office, purchased in August 2005. “Cuchara Inc” also owns a property near Beresford Street, Auckland central, and one on Waiheke Island, via the company PJ Digital Ltd which it owns. The latter is also directed by John M Carr.

⁷ HWGA Co Ltd, Eden Digital Ltd, Sidefx Ltd and Vixen Publications Ltd.

“CUCHARA INC” ‘MOVES’ FROM SUNNY SAN ANTONIO TEXAS TO GODZONE

In September 2005, on NZ Companies Office Records, John M. Carr changed his residential address as director for all his NZ registered companies from **1107 Wurzbach #405 San Antonio TX 78230 USA** to **14/31 Greenlane Rd East, Remuera, Auckland**. The registered office of all these companies was also changed to **Unit 13, 33-35 Apollo Drive, Mairangi Bay, Auckland**. But more significantly, the US-based corporation “Cuchara Inc” had its address shifted from its San Antonio Texas one, to Unit 13, 33-35 Apollo Drive, Mairangi Bay, Auckland.

Was the defunct “Cuchara Inc”, recorded on the Texas State Corporation register of companies as having forfeited its existence in 1993, now in 2005 truly based in Godzone on real Kiwi turf? This raises further questions: What is the nature of “Cuchara Inc”? Why was it relocated in late 2005 to the city of Auckland where John Carr had completed his B.Com in 1978?

CUCHARA INC UNMASKED

John Carr has always entered the name of the registered Texas shareholder of the five companies⁸ he directs, as “Cuchara Inc”, Texas. To register a fictitious name on the NZ Companies website and knowingly sign statutory documents declaring a false

“person” to own shares is an offence under the Companies Act 1993. The Society contends that Carr has done this many times. The Companies website currently records three different residential addresses for the shareholder “Cuchara Inc” - relating to 3 companies directed by John M Carr (Two in Texas and one in NZ).

“Cuchara Inc” is in reality the former name of a corporation incorporated on 23 March 1993 to do business in Florida – with its current “Principal Place of Business” in Florida – 1621 Hillcrest St, Orlando, FL 328034809 US. It is a “For-Profit Corporation” incorporated in Florida with its current Principal listed as John M Carr of 22588 Scenic Loop Rd, San Antonio TX 782255.

Minister Fails to Replace Film and Literature Board of Review Members

The Hon. Nathan Guy, MP, Minister of Internal Affairs and MP for Otaki, has failed to make three vital appointments to the Film and Literature Board of Review to replace incumbents whose terms of office have expired.

Hon. Nathan Guy
Minister of Internal Affairs

As reported in our May Newsletter, Hon. Dr Richard Worth, Nathan Guy's predecessor, in response to the Society's official information request, did write to the Society, confirming that in November 2008, following the general elections, he had been fully informed by Department of Internal Affairs officials in a briefing paper to the incoming government, that two statutory positions on the Board – that of President, Claudia Elliot, and Board member Mark Andersen - would expire on 31 March 2009. Since Dr Worth's response the position held by a third Board member - Ani Waaka - expired on 31 August 2009.

Dr Worth confirmed in his letter to the Society dated 7 May 2009 that he had approved of a process in March

2009 that would ensure that these two members would be replaced. Nominations closed on 24 April 2009 and he said he expected appointments to be made by the end of July 2009. No appointments have been made.

The Society has in recent years put forward about a dozen names to various MPs for consideration for nomination to the Board. It considers the tardiness of successive Ministers of Internal Affairs to fulfil their statutory duties, a disgrace.

Chief Censor Should move on

The statutory position Mr William Kenneth Hastings holds expired on 19/10/09.

Chief Censor Bill Hastings

Mr Hastings has been intently watching and assessing indecent and morally toxic publications featuring hard-core porn, child sex abuse and sexual and graphic violence for close on 20 years.¹¹

¹¹ Bill Hastings was also briefly the Video Recordings Authority in 1994, a member of the Indecent Publications Tribunal from 1990 to 1994 and Deputy President of the Film and Literature Board of Review from 1995 to 1998. He was appointed Deputy Chief Censor in 1998 by the Governor-General of New Zealand on the recommendation of the Jenny-Shibley-led National coalition government. He was appointed Chief Censor by the Governor-General on the recommendation of the Helen Clark-led Labour coalition government for a three-year term in 1999, a one-year

The Minister of Internal Affairs, Hon Nathan Guy has done nothing to facilitate the replacement of Mr Hastings. Many of his colleagues would be deeply upset if he was to be reappointed for yet another three years. Senior National Party MPs have expressed to the Society their concern over many of the classification decisions issued by the Chief Censor's Office - publications that glorify gratuitous hard core porn and graphic violence, as well as dehumanising, degrading and demeaning women. They want him replaced as soon as possible because they recognise that he has been too long in the job scrutinising and approving objectionable content and appears to be suffering from desensitisation from over-exposure to such material, as reflected in many of his Office's classification decisions. The tidal wave of objectionable content released to the public has grown in size under his 'watch' – as he and his fellow 'gate-keepers' have taken an increasingly liberal interpretation of the law.

Hon. Nathan Guy reappoints Deputy Chief Censor – Ms Nicola McCully

On 4 August 2009 the Minister of Internal Affairs, Hon. Nathan Guy, announced that he had reappointed Ms Nicola McCully to a third three-year term as Deputy Chief Censor. She was appointed deputy in 2002 and her second term of office expired on 16 September 2008. The Society believes that the Minister should have replaced her. She is part of the extreme liberal mind-set dominating the Office that has allowed a large numbers of DVDs and videos with objectionable content matter to be classified as suitable for adult home viewing. The vast majority are sexually explicit and demean, degrade and dehumanise women to a very high degree. Others contain levels of sexual violence and/or gratuitous violence that can only be described as extreme.

Ms McCully's only job experience prior coming into the Classification Office at a junior level, was as a teacher aide for a short period of time and for that she held no relevant teacher training or childcare qualifications. However she had worked as examiner for Video Recording Authority, as did Bill Hastings and MP Chris Carter, assessing porn films, prior to entering the Classification Office fresh from her job with children.

The Society believes there is little difference at all between the core values of the National Party and Labour Party when it comes to censorship of objectionable and morally toxic material. Neither party appears to see any value in appointing a Chief Censor or deputy who is actually in tune with mainstream family values.

term in 2002, another three-year term in 2003 and a third three-year term late in 2006.

How Steve Crow Markets his Hardcore Porn to Kids

Steve Crow: Source: stuff.co.nz

Quote Source: www.pornfreestreeets.com

“The decriminalisation of pornography has opened a serious loophole allowing pornographers to market hardcore porn to indiscriminate audiences, including children of any age, provided the advertisement is not pornographic in itself. (Advertising Standards Authority decision 08/034 re. Vixen Direct promotional vehicle).

“While "objectionable" material remains prohibited under the law, other pornography has been decriminalised. The outcome is that pornographers can now legitimately advertise their businesses to the public. So, pornographers can aggressively market pornography in out-door, live performance, promotional vehicle, printed, and broadcast formats — i.e. they can advertise outdoors, in public places, and directly into our homes through radio, TV, and our letterboxes.”To continue go to:

Dermott Malley’s Company that published Weekly Tabloid NZ Truth – now In Liquidation owing a whopping \$622,074 to creditors

Truth Publications Ltd was directed by Dermott Malley of Drury and Auckland businessman John Andrew Pin, who were indirect shareholders. On 21 October 2009 it was put into voluntarily owing \$622,074 to unsecured creditors and subordinated lenders. (The third director Matthew Horton resigned as director on 21/09/09).

Dermott Malley Source: linkedin.com

Businessman Dermott Malley headed a group of private investors that bought NZ Truth from Fairfax Media for an undisclosed sum early in 2007. An article published on the Society’s website dated 15 July 2009 stated:

“Dermott Malley’s Truth tabloid makes much of its money by advertising porn, and services relating to the sex industry. It also publishes articles sensationalising Steve Crow’s triumphs in [porn] sleaze promotion. Crow has said that his plan is to watch first-hand how you go about spreading moral decay and degeneracy through a nation of innocents. He uses Malley’s Truth tabloid to spread this degeneracy and both men have a ring-side seat.”

The Society’s articles provided significant documentation supporting these claims.¹³

The NZ Herald first reported on 3/11/09 that the publisher of the tabloid NZ Truth had gone into liquidation owing unsecured creditors and subordinated lenders \$622,074. Those identified included: NZ Couriers, Warehouse Stationery, Vodafone, Mercury Energy, Compass Communications, ACC, Markhams Chartered Accountants, Photosport Media Ltd, The NZ Herald and others. The First Report by liquidator Lloyd Hayward of Meltzer Mason Heath, dated 29/10/09, found that creditors are unlikely to receive any payments.

A related party of Truth Publications called in the liquidators in September 2009 to find out how much Truth Publications Ltd would be worth, after Truth ceased trading on August 31. A decision was then made by shareholders to liquidate the company and sell its assets to the company’s masthead owner, Multimedia Solutions Ltd (Co. No. 412127), for a mere \$70,000.

Malley, Horton and Pin – former directors of the liquidated company - are all owners of Multimedia Solutions and companies they have financial interest in own its shares. The Liquidator will need to carefully examine the true value of the assets moved from this ‘fire sale’ across to a company the directors have a financial interest in.

On 27/10/09 Truth Weekender Ltd (Co. No. 2338315) directed by John Pin and Dermott Malley was incorporated and registered. It is 40% owned by Dermott and Linzi Malley’s private investment company Onyx Capital Ltd. It is 40% owned by Horton Media Ltd – linked to Matthew Horton and 10% owned by MDL Solutions Ltd linked to John Pin. Malley signed all three Consent documents of the shareholding companies.

The Truth Weekender – is a brand spanking new colourful tabloid paper, boasts Malley, that has gloriously risen from the ashes of The NZ Truth. Yes

¹³ A colour feature section in each 52 page Truth weekly (“FH2 pages 19-24), approximately 31% of each paper, is regularly devoted to promoting hard core porn DVDs, brothels, strippers, promiscuity and all manner of sexual perversions.

its very, very different to its forerunner which was published for 105 years. First, it will come out on Fridays rather than Thursdays. Second, it has a different name ... Uh!...(No doubt it will be an outlet for more porn and Adult Services -prostitution etc - promotion, like its sleazy Thursday forerunner).

Dermott Malley and Steve Crow and Z4K74D Ltd (In Liq) (formerly Vixen Direct Ltd)

“Porn King” Steve Crow was appointed co-director on 8/12/05 of a company directed by Dermott Malley, and his wife Linzi Frances Malley – Computer Shopper (NZ) Ltd (Co. No. 514464) – that is now in liquidation (Z4K74D Ltd formerly Vixen Direct Ltd). According to the Liquidator’s Report dated 28/05/09, it owes \$163,550 to Second Ranking Preferential Creditor – the IRD – and \$262,528 to over 40 unsecured creditors, with other debts yet to be assessed.

Malley and his wife were directors of the company from 14/05/92 to 1/09/06 and Crow served with them as co-director for 11 months before becoming sole director after they both resigned. Under Crow’s leadership the company became insolvent and he recommended to shareholders that it be placed into liquidation on 27/05/09. The company is 100% owned by CVC Group Ltd of which Malley is a former director.

HWGA Co. Ltd Shareholder Dermott Malley and Company Director Steve Crow

Dermott Malley was appointed along with Steve Crow’s then wife Gaylene Sharon Rogers on 26/04/06 as a director of HWGA Ltd which at the time owned 41% of CVC Group Ltd, which owns 3 of 4 porn companies directed by Crow that are currently in

liquidation. Malley resigned as director of HWGA on 23/01/08 and Rogers resigned on 16/07/09. Malley served as a co-director of HWGA with Crow from 20/04/06 to 23/01/08.

\$\$\$ Texas - Godzone Connection \$\$\$

In short, as noted earlier (see p. 4) with respect to the registered offices of Velocity Partners Ltd and Eden Digital Ltd, both directed by John Carr the porn sleaze money trail extends from the registered offices of HWGA Co Ltd (2/18B Triton Drive, Abany - owned by Kinetiq Ltd – directed by John Carr and owned by Velocity Partners Ltd – directed by John Carr!) and its shareholders, right across the blue Pacific to John M. Carr’s business address in sunny sexy San Antonio Texas.

As noted earlier, with only one director – Steve Crow – HWGA Co Ltd has been unable to function since the resignation of Ms Rogers as director in July, as it is in clear breach of its adopted constitution in only having one director.

Malley, now ex-Director of Truth Publications Ltd, currently holds 50% of HWGA Co Ltd shares and lawyer Andrew James Steele of Mt Roskill, Auckland holds the remainder. (See Inset)

HWGA owns 75% stake in a porn company - Les Obstacles de L’amour - that was directed by Steve Crow and placed into liquidation on 8/03/06 after it ceased trading in December 2005 when it was sold. Steve holds 2 shares in the company and another company that has since been struck off the Registrar, held the rest. According to its Liquidator, Lloyd Hayward (pers. comm.), Les Obstacles de L’amour has not been struck off the Register of Companies because the IRD is still pursuing the Company for

unpaid tax and it has requested that the Registrar not strike it off until this matter is resolved.

Chief Censor's Office Judgment

On 23/10/09 the Society made a formal application to the Chief Censor to have a Computer Text File classified by his Office, the objectionable contents of which were easily accessible on the home page of the website GayNZ.com. The article written by an author whose articles appear regularly on the website was classified R18 by the Chief Censor. However, the Society, whilst happy that the Office has recognised that its content cannot by law be disseminated or displayed to persons under 18 years of age, considers the material should be banned applying the strict criteria found in s. 3(2) of the Films, Videos and Publications Classification Act 1993. The Society is considering whether or not to refer the matter to the Film and Literature Board of Review. The application to the Chief Censor was made under s. 13(1)(c) of the FVPC Act.

**~\$400,000 per annum
to fund salaries of Chief Censor
Bill Hastings and his Deputy
Nicola McCully for 2008/09**

After over a decade being paid big bucks by the taxpayer to watch gay and heterosexual hardcore adult porn and material promoting paedophilia, rape, gratuitous violence including sexual violence, torture and other objectionable content, Chief Censor Bill Hastings and his deputy Nicola McCully – want a further 3 years in the “dirty job” to watch more. 80% of what she watches in the job, says McCully, is adult porn.

The position of Chief Censor of Film and Literature held currently by Bill Hastings, expired on 19 October 2009. He was appointed Deputy Chief Censor in December 1998, then became Acting Chief Censor and then Chief Censor on 18 October 1999. He has yet to be reappointed.

The 2009 Annual Report for the Office of Film and Literature Classification (year ending 30/06/09, see p. 82) shows that Hasting's total remuneration plus benefits was between \$220,000 and \$230,000 while McCully received between \$170,000 and \$180,000 (Combined: \$390,00 to \$410,000 p.a.). In addition one senior officer was paid between \$100,000 and \$110,0000 p.a. Therefore, the top three earners

between them are paid \$490,000 to \$510,000, which is about 26% of the total Crown Revenue of \$1.96 million – directed to the Office. The Society considers much of this a complete waste of public money.

The New Science Curriculum Censors Out Intelligent Designer

The new American movie Expelled - No Intelligence Allowed, currently on its theatrical release in NZ, highlights a fundamental problem that is inherent in the NZ Science curriculum. In the section titled “Making sense of the Living world” careful analysis reveals that Neo Darwinist Theory (i.e. Molecules-to-Man Evolution via natural selection) is the sole basis allowed for all scientific investigation. The other leading origins theory - Intelligent Design - doesn't get a mention. Therefore students are being prevented from engaging in the controversial and exciting debate on the competing ideas about the origins of life. What they are receiving in their life sciences education amounts to a large dose of philosophical indoctrination into scientific naturalism – read atheism. God has indeed been “expelled” or censored out of the NZ Science curriculum. Will our National Anthem of “God Defend New Zealand” be next to be ‘expelled’ from our ‘enlightened’ secular culture?
